praise for the bomb that never was hitler has the bomb and its headed for the usa this meticulously researched historical novel will have you asking what if this is an intelligent fast paced page turner that will make you forget that you already know how it all turns out provocative informative and entertainingi couldnt put it down joseph p desario author of limbo and sanctuary and coauthor of crusade undercover against the mafia kgb authoritative and credible in its attention to detail the bomb that never was captures the spirit and temper of the wwii years and raises some deep philosophical questions about loyalty treason and commitment to country a page turner tough to put down a story well told robert l aaron journalist and public relations executive

marsha forchuk skrypuch author of making bombs for hitler and stolen girl delivers a gripping story about the bonds of friendship forged in the perils of war in the grip of world war ii maria has realized that her nazi occupied ukrainian town is no longer safe though she and her family might survive her friend nathan who is jewish is in grave danger so maria and nathan flee into the heart of hitler s reich in austria there they hope to hide in plain sight by blending in with other foreign workers but their plans are disrupted when they are separated sent to work in different towns with no way to communicate with nathan how can maria keep him safe and will they be able to escape hitler s web of destruction

the personal account of a luftwaffe aide always at hitler s side from 1937 until the last days in berlin this is the personal account of a luftwaffe aide always at hitler s side from 1937 until the last days in berlin now published for the first time in english nicolaus von below was a 29 year old pilot when goering selected him for the position of hitler s luftwaffe adjutant he was with hitler at every stage as the second world war unfolded his observations tell of hitler s responses to momentous events as well as military decisions and policy making at fuhrer headquarters this is a superb source describing life in hitler s inner circle relied upon on by gitta sereny in her biography of albert speer he provides fascinating insight into how hitler planned the invasions of poland and russia what he thought of britain and america why he placed his faith in the v 1 and v 2 projects how others dealt with him and much more von below was present at the assassination attempt in july 1944 and records the effect on hitler and his followers von below was the last of hitler s close military entourage to emerge from the bunker alive

his frank memoir will appeal to anyone interested in how hitler ran his war he was denounced to the british in 1946 and imprisoned as a material witness at nuremberg until being discharged in 1947

this companion novel to skrypuch s making bombs for hitler follows a boy who joins the underground ukrainian resistance in the fight against hitler the nazis took luka from his home in ukraine and forced him into a labor camp now luka has smuggled himself out even though he left behind his dearest friend lida someday he vows he ll find her again but first he must survive racing through the woods and mountains luka evades capture by both nazis and soviet agents though he finds some allies he never knows who to trust as luka makes difficult choices in order to survive desperate rescues and guerilla raids put him in the line of fire can he persevere long enough to find lida again or make it back home where his father must be waiting for him marsha forchuk skrypuch author of making bombs for hitler delivers another action packed story inspired by true events of daring quests and the crucial decisions we make in the face of war

how close did hitler come to his dream of developing nuclear weapons what evidence is there for the design testing and production of such weapons and their carrier systems with this first volume in a series of at least three friedrich georg has begun to answer these questions in great detail the result is a groundbreaking new book on this topic this first volume describes the efforts of the luftwaffe and kriegsmarine to design and produce carrier systems for the nuclear weapons the scientists of the third reich were developing following an introductory section in which the author outlines the nazi atom bomb programme georg then investigates the enormous variety of craft the luftwaffe began to either adapt or develop anew that would be used to carry such weapons of mass destruction these included the search for an intercontinental amerikabomber including the innovative horten ho xviii lighter designs such as the arado ar e 555 messerschmitt p 1107 1108 and junkers ef 132 140 are also described the various atom bombs themselves are thoroughly investigated from the 1 ton to the massive 30 ton variety information about the variety of carrier systems being developed and in at least one case actually built by the kriegsmarine is also provided finally the author investigates the reasons why germany ultimately failed to produce the atom bomb appendices provide the most up to date research on a variety of topics including the small number of craft japan was developing to carry atom bombs and the soviet capture of german nuclear research centres in the baltic region at the end of the war throughout the author is keen to only rely on the most reliable sources and lays many myths to rest in the process the result is a truly compelling and groundbreaking work

in this book you will read a comprehensive history of wars as far back as the 1500 s to present day iraq this book not only talks about all wars the united states of america was active in it includes wars two century s before the us became a nation also

besides reading about the twelve wars that the united states troops took part in the author comprised and has written about other events that are of signicent nature such as the andersonville confederate prison during the civil war throughout the book included in each war is placed a warrior the author has chosen a warrior for each of the earlier wars that she felt worthy the later wars like ww ii korea vietnam and so on she has included a warrior that she was fortunate enough to interview and tell about their military history

the compelling tragic and often bizarre life stories of history s famous and infamous assassins now collected in one comprehensive easy to use volume the names are well known but how much do you know about the inner lives of john hinckley jr who shot ronald reagan in a misguided attempt to impress actress jodie foster or mark david chapman who after shooting john lennon sat down on the sidewalk to continue reading the catcher in the rye and what about the world s not so famous assassins find out what happened when carlito dimahilig attacked imelda marcos with a bolo knife and how one of her many famous pairs of shoes came into play or why max hödel could be considered one of the least successful assassins in history with breadth of study and a keen eye for detail george fetherling has compiled a fascinating and very readable compendium the first of its kind of more than 200 biographies of assassins from all periods and countries for the scholar and general reader alike fetherling also provides an overview of the history of assassination outlines the five psychological types of assassins and gives a run down of the most useful literature in the field ideal for students historians history buffs psychologists and readers interested in biography and true crime this book is a must have window into the lives of those who have drastically shaped the history of our world

a companion to the award winning books stolen child and making bombs for hitler fourteen year old luka works as an ostarbeiter in nazi occupied eastern europe alongside lida from making bombs for hitler desperate to escape the brutal conditions of the labour camp he manages to get away by hiding in a truck under a pile of dead bodies once free luka joins a group of ukrainian resistance fighters caught between advancing nazis in the west and soviet troops in the east they mount guerilla raids help pow escapees and do all they can to make life hard for the nazis and soviets after the war luka must decide whether to follow lida to canada or stay in europe and search for his long lost mother underground soldier is a companion book to stolen child and making bombs for hitler and a perfect entry point into the series for new readers as the books can be read in any order

in 1940 the us army signal intelligence service broke the japanese diplomatic code in 1975 oshima hiroshi japan s ambassador to berlin during world war ii died never knowing that the hundreds of messages he transmitted to tokyo had been fully decoded by the americans and whisked off to washington providing a major source of information for the allies on nazi activities

as the might and capabilities of american airpower have grown during the last 60 years so has the controversy about its use in the intentional and indiscriminate wartime bombardment of civilians in bombs cities and civilians conrad crane maintains that for the most part american airmen in world war ii remained committed to precision bombing doctrine instead of attacking densely populated urban areas simply to erode civilian morale army air forces adhered to a policy that emphasised targeting key industrial and military sites he demonstrates that while the british germans and japanese routinely conducted indiscriminate aerial bombardment of enemy cities american airmen consistently stayed with daylight raids against carefully selected targets especially in europe daytime precision missions were usually far more dangerous than night area attacks but such army air forces tactics increased bombing efficiency and also reduced the risk of civilian casualties

adolf hitler had high hopes for his conquest of norway which held both great symbolic and great strategic value for the führer despite early successes however his ambitious northern campaign foundered and ultimately failed adam claassen for the first time reveals the full story of this neglected episode and shows how it helped doom the third reich to defeat hitler and raeder the chief of the german navy were determined to take and keep norway by doing so they hoped to preempt allied attempts to outflank germany protect sea lanes for german ships access precious scandinavian minerals for war production and provide a launchpad for luftwaffe and naval operations against great britain beyond those strategic objectives hitler also envisioned norway as part of a pan nordic stronghold a centerpiece of his new world order but as claassen shows hitler s grand expectations were never realized gring s luftwaffe was the vital spearhead in the invasion of norway which marked a number of wartime firsts among other things it involved the first large scale aerial operations over sea rather than land the first time operational objectives and logistical needs were fulfilled by air power and the first deployment of paratroopers although it got off to a promising start the german effort particularly against british and arctic convoys was greatly hampered by flawed strategic thinking interservice rivalries between the luftwaffe and navy the failure to develop a long range heavy bomber the diversion of planes and personnel to shore up the german war effort elsewhere and the northern theater s harsh climate and terrain claassen s study covers every aspect of this ill fated campaign from the 1940

invasion until war's end and shows how it was eventually relegated to a backwater status as Germany fought to survive in an increasingly unwinnable war his compelling account sharpens our picture of the German air force and widens our understanding of the Third Reich's way of war

They were foot soldiers and officers they served in the regular army and the Waffen SS and remarkably they were also Jewish at least as defined by Hitler's infamous race laws pursuing the thread he first unraveled in Hitler's Jewish soldiers Bryan Rigg takes a closer look at the experiences of Wehrmacht soldiers who were classified as Jewish in this long awaited companion volume he presents interviews with twenty one of these men whose stories are both fascinating and disturbing as many as 150 000 Jews and partial Jews or Mischlinge served often with distinction in the German military during World War II the men interviewed for this volume portray a wide range of experiences some came from military families some had been raised Christian revealing in vivid detail how they fought for a government that robbed them of their rights and sent their relatives to extermination camps yet most continued to serve since resistance would have cost them their lives and they mistakenly hoped that by their service they could protect themselves and their families the interviews recount the nature and extent of their dilemma the divided loyalties under which many toiled during the Nazi years and afterward and their sobering reflections on religion and the Holocaust including what they knew about it at the time Rigg relates each individual's experiences following the establishment of Hitler's race laws shifting between vivid scenes of combat and the increasingly threatening situation on the home front for these men and their family members their stories reveal the constant tension in their lives how some tried to hide their identities and how a few were even Aryanized as part of Hitler's effort to retain reliable soldiers including Field Marshal Erhard Milch three star general Helmut Wilberg and naval commander Bernhard Rogge chilling compelling almost beyond belief these stories depict crises of conscience under the most stressful circumstances lives of Hitler's Jewish soldiers deepens our understanding of the complex intersection of Nazi race laws and German military service both before and during World War II
