both scientifically and socially the viii international symposium on amyloidosis august 5 8 1990 in oslo was a great success there were three and a half intensive days it started with the opening ceremony particularly highlighted with the norway norway multi media show by david cochran and ended with a visit to the edvard munch museuro and the farewell salmon dinner on the evening of august 8 not to forget the happy birthday song for dorothea zucker franklin at the breakfast table the following morning in between was the intellectual penetration into the science of amyloidosis and amyloid proteins and a deepening of many friendships among young and old amyloidologists together with some of the cultural and historical features of oslo and norway among the numerous letters of thanks and gratitude that we have received the senior organizer of the previous meeting takashi isobe said it briefly and eloquently you have overwhelmed us you have performed a drama with joy and cheer you have hosted so nicely with lovely secretariat you have arranged impressive hospitality in every respect you certainly did for all of us now we are left with the proceedings book for the three coming years until the next symposium in kingston canada which will be organized by drs robert kisilevsky and thomas muckle from the department of pathology at queens university in 1993 the scientific contributions herein cover all the sessions of the meeting

this volume is a collection of eight case studies in data analysis that appeared in various issues of the canadian journal of statistics os over a twelve year period from 1982 to 1993 one follow up article to case study no 4 is also included in the volume the os s section on case studies in data analysis was initiated by a former editor who wanted to increase the analytical content of the journal we were asked to become section co editors and to develop a format for the case studies each case study presents analyses of a real data set by two or more analysts or teams of analysts working independently in a simulated consulting context the section aimed at demonstrating the process of statistical analysis

and the possible diversity of approaches and conclusions for each case study the co editors found a set of real canadian data posed what they thought was an interesting statistical problem and recruited analysts working in canada who were willing to tackle it the published case studies describe the data and the problem and present and discuss the analysts solutions for some case studies the providers of the data were invited to contribute their own analysis

issues for 1920 1947 include the proceedings of the society
